

Scouting... Who knows how far they'll go!

Hey Parents!

In today's fast paced and ever-changing world, young people need an edge to succeed. You know the importance of your child's self-reliance, confidence, and leadership abilities. The challenge: how to instill your child with these important life lessons in an atmosphere that's appealing to them.

Scouting meets the modern-day need for developing young people into well-rounded members of the community. Equally important, we offer an adventurous, outdoor and FUN environment that your kids will love! Who knows how far they'll go.

TAKE THE LEAD

Every Scouting member gets the opportunity to try on leadership skills. It could be as simple as running a game session, or as complex as planning a weekend camp. It might be within our group meeting or the Group Council committee. Scouting will help your child's leadership skills grow by leaps and bounds.

Youth also need the ability to confront challenges on their own. Scouting will develop your child's confidence and self-esteem so they can surmount virtually any hurdle. From first aid skills, to canoeing or tackling a tough climbing wall, members develop the confidence to try things they never thought possible. Supportive leaders and peers encourage youth members as they learn the importance of doing things for themselves.

BE A LEADER!!
